☎ +91 8838020164

## EDUCATION

### A.V.C Engineering College

B.E in Computer Science and Engineering

Expected Graduation: 2026 | CGPA:7.53

### Raj Matric Hr. Sec. School

HSC in Computer Science

Graduated: May 2022 | Percentage:81%

### Raj Matric Hr. Sec. School

SSLC

Graduated: May 2020 | Percentage:81%

## SKILLS

- |            |              |                |
|------------|--------------|----------------|
| • HTML     | • CSS        | • JavaScript   |
| • React JS | • Bootstrap  | • Tailwind CSS |
| • Node Js  | • Express Js | • Next Js      |
| • My Sql   | • Mongo DB   | • Figma        |
| • Canva    | • Git        | • Flutter      |
| • Java     | • Dart       | • AWS          |
| • Docker   | • Adobe      | • C            |
| • FireBase | • TypeScript |                |

## INTERESTS

### Technical:

- Web Dev • Cloud Computing
- App Dev • Devops • IOT
- Hackathons and Coding Competitions

### Non-Technical:

- Playing Kho-Kho • Dance
- Reading Tech-Blogs

## CO-CURRICULAR ACTIVITIES

- Industrial visit at CLOUDLOGICTECH ,Pudhucherry
- Presented 10+ papers in Emerging technologies.
- Successfully Drafted one patent via A.V.C College
- Participated in 5+ Hackathons including (Tansam,SIH)

## EXTRA-CURRICULAR ACTIVITIES

- Winner in National Level Kho-kho Competiton
- Served as Captain of the college Kho-Kho team for three consecutive years.
- Active participant in dance performances during college cultural festivals.
- Volunteered with NSS camps

## PROFILE

- Aspiring Software Developer with a strong foundation in front-end and back-end development, full-stack web and mobile app development. Currently pursuing a B.E. in Computer Science and Engineering. Passionate about building scalable , secure, and user-friendly applications using best practices in programming and software design.
- Experienced in technologies including React, Node.js, MongoDB, Express.js, Flutter, Docker, and more. Adept at implementing efficient solutions in fast-paced, Agile environments. Skilled in designing REST APIs and committed to SDLC best practices for scalability, performance, and maintainability.
- A quick learner with strong communication skills and leadership qualities. Known for adapting swiftly to emerging technologies and excelling as a team leader in multiple college-level competitions. Eager to join cutting-edge software development teams where I can collaborate , innovate, and contribute to impactful projects with a focus on performance, security, and user-centric design.

## MINI-PROJECTS

### College Symposium-website:

- Designed and developed a dynamic website for my college symposium, enhancing event management and user experience.
- Implemented interactive features and responsive design for better accessibility.

### Chat Application:

- Designed and developed "UzumakiChats" — a full-stack real-time chat application with live video calling, friend requests, and multilingual conversation support
- Implemented secure user authentication with JWT and encrypted password storage using bcrypt; deployed on Render with a responsive UI for seamless cross-device accessibility.

### Career Guidance and Ar Labs Application:

- Built a Career Guidance platform with integrated AR labs for immersive learning and personalized academic recommendations.
- Developed interactive AR simulations and used data-driven logic to suggest career paths based on user skills and interests.

## EXPERIENCE:

Web Developer — A.V.C. College Symposium Website

Jan 2024 – Mar 2024 (Project-based)

## CERTIFICATES:

- Meta Full-Stack Development Certificate – Coursera
- TCS ION Career Edge - Young Professional Certificate
- Data Analytics and Visualization- Accenture

## ACHIEVEMENTS:

- 2x First place at National level student symposium
- 3rd place- TANSAM Hackthon
- 2nd place- at Sastra College(Tekathon)
